## ABOUT THE K-POP ACADEMY

Since 2012 the K-Pop Academy has run every Spring and Autumn offering a cultural course that shines a light on to Korea and all its charms. The course provides opportunities for a hands-on approach where students participate in various workshops, and explore both the traditional and contemporary aspects of Korean culture and art.

The K-Pop Academy was initiated to give K-Pop fans a firm grounding in the development of the K-Pop phenomenon but also an understanding of the wider aspects of K-culture. The programme introduces various topics including Korea's history, sport, fashion, language and food.

Upon completing the course students will have developed a deeper understanding of Korea and Korean culture and from this we hope that their affinity with Korea will last a life time. The K-Pop Academy is a great opportunity to discover more about Korea, meet like-minded individuals and most of all, have fun!
